

# Programme Committee

## Meet the DI4R 2017 Programme Committee

The new edition of the **DI4R event** will be guided by a balanced and experienced **Programme Committee (PC)**, recently announced on the [official DI4R website](#).

The PC is responsible for:

- Structuring a balanced programme based on the event objectives and targets
- Identifying the type of sessions that will make up the programme (e.g. workshops, tutorials, presentation-lead sessions, hackathons, posters, demonstrations)
- Defining the content of the Call for Abstracts
- Reviewing the abstracts submitted through the Call for Abstracts
- Making final decisions regarding acceptance of abstracts
- Defining the content of plenary sessions and the list of keynote speakers
- Creating the Event's timetable.

Below you will find the details of the **DI4R 2017 Programme Committee**:
