EOSC Principles of Engagement

Let's meet at: 15:30 - 17:00, Room: Sintra | 24 Jan 2018

Session Chair: Simon Lambert, STFC

Objectives:

Discuss Principles of Engagement to EOSC

More on the session:

This session will present work in progress within the EOSCpilot project to define some principles of engagement in the European Open Science Cloud. In particular, the session will discuss how to engage as a service provider and present the development of a set of guidelines to facilitate the findability and reuse of research data within EOSC.

Agenda:

15:30 - 16:00 Becoming a service provider within EOSC - defining the right principles of engagement, Damien Lecarpentier, EUDAT & EOSCpilot ([Presentation](#))

16:00 - 16:30 How to expose research data in EOSC: the "EOSC Dataset Minimum Information" (EDMI) approach, Rafael Jimenez, ELIXIR & EOSCpilot ([Presentation](#))

16:30 - 17:00: Questions & discussions
