New decade, new EUDAT website, new B2SHARE and engagement opportunities

EUDAT Newsletter - April 2020

New decade, new EUDAT website!

New decade, time to roll out the new EUDAT website design! Do take the time to see the changes for yourself here **eudat.eu**.The main drivers for the complete overhaul were to improve user experience, giving easier access to more information. We think this shows better the solutions we provide every day to research communities, researchers & data managers and providers. We've also incorporated a completely new "About" section where you can find **all of the details on the EUDAT CDI**, its members and governance. If you want to find out how to become a member of the CDI you'll find everything you need to know in the...

Are you looking for a trusted solution to store and share your research data with metadata? Don't miss out on the new release of B2SHARE!

Don't be thrown by the new look and feel of **B2SHARE**, we think this is great but there's so much more to discover! **B2SHARE is the ideal solution for researchers without adequate facilities to store research data with metadata**. This guarantees long-term persistence of locally-stored data, and provides means to share data, results or ideas easily with colleagues worldwide and make your datasets discoverable. The latest release of B2SHARE has been given **a range of extra functionalities**, co-designed with the support of our communities to better serve their needs. Here's a quick overview of the new features...

The EOSC-hub week goes virtual, 18-20 May 2020

EOSC-hub and the EOSC Executive Board (EB) are joining the rest of the European scientific community and the world in #flatteningthecurve of the COVID-19 pandemic. This is why the EOSC-hub Week 2020 goes digital. **The programme is online** and the registration for the different sessions will open soon. This edition hosts the **EOSC Consultation Day**, organised by the EOSC EB to present the latest developments of the EOSC and to gather feedback and input from the EOSC stakeholders on all the latest documents released. The programme will also include a **poster and demo competition**. Posters or videos need to be submitted by the 8th of April...

Latest news on the EUDAT Summer School 2020

We would like to thank all those who have already contacted us about the **EUDAT Summer School 2020: "Where data meets HPC"**, 13-17 July 2020, Kajaani, Finland. **Applications have not been opened yet and are on hold while monitoring how the Covid-19 situation evolves.** If the proper safety conditions can be insured, the event will go ahead. **More details will be provided in May 2020.** In the meantime, you can have a look at this page for more information...
