Webinar: Service documentation & tutorials: rolling out the red carpet for end users

This webinar will cover the different types of documentation and usage instructions that RIs need to prepare for their services, including best practices for addressing the needs of potential end user communities.

Date: Thursday 23 June, 10:00-11:30 CEST

Where: Zoom (link to be provided upon registration)

Programme

- Writing effective service documentation for EUDAT services - **Rob Carrillo (EUDAT/Trust-IT) and Chris Ariyo (EUDAT/CSC)**
- Service tutorial design: experiences from EOSC Synergy - **Helen Clare (JISC)**
- Using Jupyter Notebooks to introduce services to “new” end users - **ENVRI-FAIR expert (TBA)**
- Q&A and general discussion - plenary
