### D2.1.3: EUDAT Sustainability Plan (final)

WP:

WP2

Publication Date:

27/04/2015

This final version of the EUDAT Sustainability Plan takes more of an external view of the emerging Collaborative Data Infrastructure than previous versions, reviewing EUDAT's vision and approach to service strategy, policy and business planning. It proposes changes in emphasis to assist in the transition from a network brought together by technology solutions to a service business.
