

B2DROP

B2DROP is a secure and trusted data exchange service for researchers and scientists to keep their research data synchronized and up-to-date and to exchange with other researchers.

An ideal solution to:

- store and exchange data with colleagues and team members,
- synchronise multiple versions of data,
- ensure automatic desktop synchronisation of large files.

Users can

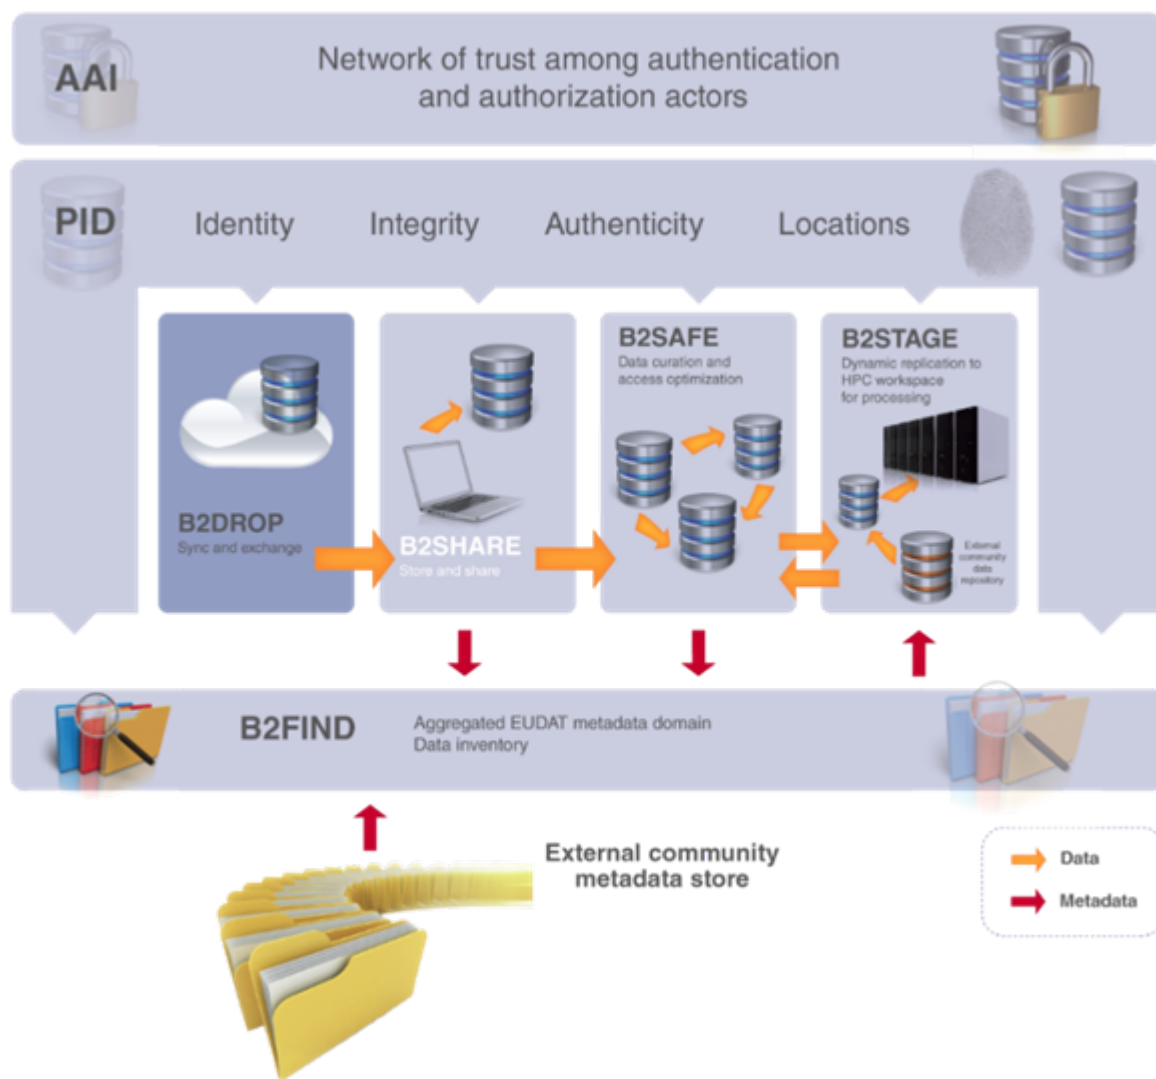

- define with whom to exchange data, for how long and how
- are offered up to 20GB of storage space for research data
- access and manage permissions to files from any device and any location.

The service is **simple to use and open to all researchers, scientists, communities alike to synchronise and exchange data** with one or multiple users. B2DROP will be fully integrated with the B2 suite of services to allow user-friendly data sharing.

The BETA version is on-line and you are invited to register as a user in a few simple steps and start using the EUDAT sync and share solution for data at <https://b2drop.eudat.eu>

EUDAT receives funding from the European Union's Horizon 2020 research and innovation programme under grant agreement No. 654065.
