## D1.2: Associate Partnership Programme

WP:

WP1

Publication Date:

11/10/2015

This deliverable presents the EUDAT strategy, approach and method for organising the involvement of external stakeholders to the project, in particular through the EUDAT Associate Partnership Programme that will be developed through the project. This document builds on the Stakeholder Analysis & Communication and Training Strategy (D3.1) and the Data and Computing Landscape Characteristics and Scientific Communities' Environment & Requirements (D4.2) and complements them by describing how the involvement of the stakeholders will be practically supported.
