

D2.2 Data Management Plan

WP:

WP2

Publication Date:

25/08/2015

The EUDAT2020 project is building a common data infrastructure for European research. As such, it does not create its own data, but does look after other people's data. This plan forms the basis of EUDAT2020's policy guidelines on how it will manage data in its charge.

Contract:

EUDAT2020 (2015-2018)
