EUDAT conference: Putting the EOSC vision into practice

This event aims to bring together data infrastructure users, providers and policy makers from across Europe to discuss progress with the European Open Science Cloud (EOSC) and the European Data Infrastructure (EDI).

When	22 Jan, 2018, 09:00 AM to 25 Jan, 2018, 01:00 PM
Where	Porto, Portugal
Contact Name	EUDAT
Attendees	Registered delegates (fee payable)
Add event to calendar	 vCal  iCal

The event also aims to showcase the latest trends in data infrastructure and data management solutions for research, demonstrate [EUDAT](#) solutions to addressing data management needs and inform about opportunities offered by the EUDAT Collaborative Data Infrastructure (CDI) to serve providers and research communities.
