The leading collaboration on e-infrastructure and services for research and education

DI4R 2017: Brussels, 30 November – 1 December

0

Europe's leading e-infrastructures invite all researchers, developers and service providers to participate in the second edition of Digital Infrastructures for Research conference, which will be held this year in Brussels, Belgium, at the SQUARE meeting centre, from 30 November to 1 December 2017.

The DI4R 2017 conference is jointly organised by EGI, EUDAT, GÉANT, OpenAIRE, PRACE and RDA Europe. The theme of the event is *"Connecting the building blocks for Open Science"*.
